

Smarts & Smiles

Back to School Dental Care Fair

Just before school starts, the Ronald McDonald Care Mobile, a dental care unit, parks in front of the House to provide dental services to underinsured & uninsured children in the Las Vegas community.

We want to send these kids to school toothache-free and confident with a backpack full of supplies!

Please help us collect 50 of each of the following items to ensure a great year back to school. Please deliver any donations to the House by Wednesday, July 12th.
